PARTS MANUAL MODEL 9020

19 1/2 H.P. TRACTOR
MFG. NO. 1690230
19 1/2 H.P. TRACTOR
With 3 PT. HITCH and REAR P.T.O.
MFG. NO. 1690283

Attention Dealers:

For quick, accurate reference when making warranty claims, group numbers are given with each parts section. Also note that serial numbers of units are listed to locate any difference in parts which may occur in later models. Be aware of these unit serial numbers when ordering parts.

Standard torques appear in a chart at the end of the manual, while important individual torques are given on specific parts drawings. These provide easy reference notes for repair and troubleshooting.

CRITICAL and MAJOR notations point out important facts or instructions which relate to safety or reliability and machine quality. The CRITICAL notation **[C]** pinpoints characteristics which, if not properly followed, can create a safety hazard. The MAJOR notation **[M]** marks characteristics which, if not properly followed, may result in operating failure, shortened product life, or greatly reduced quality of the unit.
